Hoo..

You're all I need to get by

Like the sweet morning dew

I took one look at you

And it was plain to see

You were my destiny

I will go where you lead

Always there in time of need

And when I lose my will

You'll be there to push me up the hill

There's no, no looking back for us

We got love sure 'nough, it's enough

You're all

You're all I want to strive for and do a little more

You're all the joys under the sun wrapped into one

You're all

You're all I need

You're all I need yeah..

You're all I need

To get by hooh..

All I need to get by
