I've got a will this time don't care what you say
I've got a feeling this will all go away
It's in the wind this time it's in the southern sky
I can't walk on water yet won't even try

[Chorus]

So drown me slowly
Enclose me
Drown me slowly alright
Drown me slowly
Enfold me
Drown me slowly

All that I took with me was a bad taste in my mouth
Went all around the world just couldn't spit it out
Just like ground zero was the surface of the sun
That's a sickness I can't fix it not all at once

[Chorus]

So drown me slowly

Enclose me
Drown me slowly alright
Drown me slowly
Enfold me
Drown me slowly

Don't let them take you down
You'll leave a better world than you found
Don't let them take you down
You'll leave a better world than you found
Don't let them take you down
Don't let them take you down
Don't let them take you down
Don't let them take you down

[Chorus]

So drown me slowly
Enclose me
Drown me slowly alright
Drown me slowly
Enfold me

Drown me slowly

Drown me slowly

Drown me slowly

Drown me slowly
