Houses haunted
I just want to go for a ride
Out an on
Thought I'd set this room a light
Left alone
Forever and for crimes unclear
With my patience gone
Someone take me far from here

Burn that gasoline
Yea
Burn that gasoline

New day only
Another day in solitude
Houses honest
Clearly more than I can bare
Drain me all
Before I set my world on fire
I am gone
The sun will never set tonight

Burn that gasoline
Yea
Burn that gasoline

No more forests
Only a can on red
Says danger on it
I have found another way

Burn that gasoline
Yea
Burn that gasoline
Burn it all the way
Burn it all the way
