In my hour of need
On the sea of gray
On my knees I pray to you
Help me find the bones of the dying dead

Won't you light my way?
Won't you light my way?
Won't you light my way?
Won't you light my way?

The bullet is a man
From time to time he strays
I compare my life to their's
To this I remain

And unwilling to listen
To your answers
And I'm not afraid
To tell you I need you today

Won't you light my way?
Won't you light my way? Yeah
Won't you light my way?
Won't you light my way?

And so when I'm lost
And I'm tired and depressed
And when my heart, body, mind goes astray
Won't you light my way?

Don't save it for another day
Don't save it for another day

Hey, don't save it for another day
Hey, don't save it for another day
Hey, don't save it for another day
Hey, don't save it for another day

Won't you light my way?
Won't you light my way?
Won't you light my way?
Won't you light my way?

Won't you light my way?
