Listen now and let me speak  
I will be the dog at your feet  
Come along when you call  
Be the little bird in your straw  
And sing you a song

I'll be there to take the fall  
Though you tread upon me  
For no reason at all

But just when you think you've left me blind  
Well, I'll need to  
Yeah, I will keep you in the corner of my eye  
The corner of my eye

I will never leave your side  
Though you call me your number one zero  
You never mind, I'll be your king, I'll be your pawn  
I will build a pedestal and put you upon it, baby

Just when you think you've left me blind  
I will be creeping right up behind  
'Cause maybe if I need to, yeah  
I will keep you in the corner of my eye

Yeah

Down on the street, over your night  
Out of your sleep, out of your sight  
If I need to, yeah, if I need to

Out of your mouth in every word  
Down in your ego one thing is sure  
I will keep you, I will keep you

Oh, just when you think you've left me blind  
I will be creeping right up behind  
'Cause baby if I need to  
Lord, I will keep you in the corner of my eye  
Corner of my eye

I will be the bird in your straw

But you won't get far  
I will keep you in the corner of my eye
