Mother mother found me on her step
Gracious mother held me to her breast
Until the day I started..

..pushing
Too late to cry she turned away
I started pushing
I saw no future in this lack
I started pushing pushing pushing forward back
I was pushing pushing pushing forward back
I was pushing pushing pushing forward back
I was pushing pushing pushing forward back

Baby brother clinging to her hair
Gracious mother pleading not another soul to bare
He started..

..pushing
All my kings have fallen down
I started pushing
Fallen heroes feed the ground
I started pushing pushing pushing forward back
I was pushing pushing pushing forward back
I was pushing pushing pushing forward back
I was pushing pushing pushing forward back
Falling down..
Now I know her
I know I'll never drown
drown
drown

Falling down..
Now I know her
I know I'll never drown
drown
drown
Oh, I was pushing

I was pushing pushing pushing forward back
I was pushing pushing pushing forward back
I was pushing pushing pushing forward back
I was pushing pushing pushing forward back

I was pushing pushing pushing forward back
I was pushing pushing pushing forward back
I was pushing pushing pushing forward back
I was pushing pushing pushing forward back
I was pushing pushing pushing forward back
I was pushing pushing pushing forward back
