when you wanted me i came to you
when you wanted someone else i lived through
when you asked for that i set myself on fire
and if i go
far away
i know you'll find another slave

cause now i'm freed

from what you want

now i'm free

from what you need

now i'm free

from what you are

when you wanted love i cut my veins

and when you wanted love i bled myself again

now all i've had i still love you

i'd give you up forever

and here i go

far away

i know you

you'll find another slave

cause now i'm free

from what you are

now i'm free from what you need

now i'm free

from what you are

than a vision came to me

when you came along

i gave you everything but then you wanted more

cause now i'm free

from what you want

now i'm free

from what you need

now i'm free

from what you are

hey

now i'm free

from what you want

now i'm freed

from what you need

now i'm free
