People like you, I know myself Walk in the shoes of somebody else Whisper to me, my tragic fate Whisper to me, my tragic end But don't give me your savior But don't give me your savior

Say hey

People I choose, life on my own Burn me your fuse, throw me your stones Give me your brand, burn on my hand Whisper to me, my tragic end But don't give me your savior But don't give me your savior

Hey

People I choose, I know myself Lay my need out, give you my help But you give me your blues And you whisper my fate But don't give But don't give me your savior But don't give me But don't give me
