I said I wasn't cheating then I began repeating
The abundance of redundance flooded her head
And she said "If I'm leaving with a broken heart
You're leaving with a bleeding nose."
Look out man 'cause here she comes yeah
No no no
I think she knows what happened at the part yeah
No no no
Did you really sleep with that chick man
Yes yes yes
Are you gonna tell her straight up man
No no no no
I said I wasn't cheating then I began repeating
The abundance of redundance flooded her head
And she said "If I'm leaving with a broken heart
You're leaving with a bleeding nose."
This is the last time you'll see me
Check your mood ring 'cause I'll bet it's green
Check our cash flow and I'll bet it's low
Hey how was the party last night honey
No no no
Oh it wasn't bad I saw a fight honey
No no no
I bet that wasn't all you saw now was it
Yes yes yes
Stutter stutter I couldn't quite slip it
No no no no
Check your sex toys, check your playboys
Check all your things yeah
I bet they're destroyed
Cause I'm a jack ***
