YOu got stars in your sunglasses  
Mona lisa has got nothing on you  
I'm seeing angels the angels of death  
You've got pallid features and carbon breath  
Like a hint  
Like a feather  
But it's a crisis

Walk on the water  
Before it is wine  
Remember that we're lovers  
You drive me crazy  
I need my mind  
We need to run  
Still we hide  
Day to night

Specters wisp about your cloudy eyes  
You were never kind to another soul  
They want to take you home tonight  
And make love to your evil passion inside  
Like a hint  
Like a feather  
But it's a crisis

Walk on the water  
Before it is wine  
Remember that we're lovers

You drive me crazy i need my mind  
We need to run  
Still we hide  
Day to night

I fall to my knees  
For shame i cry  
For selfish regret i chastise  
I hope you find some peace  
In your devil mind  
And a thousand painful deaths  
Cursed upon myself  
For every act

Of cruelty  
And every word unbrotherly

Unbrotherly
