Ill be sure to roll off your back
So that i'm not on your mind
I stick my hands in my back pockets
And stare back what you don't feel
You don't feel alive? might as well be dead?
Im not impressed by threats
Im walking away alone
Biting my lip biding my time

You can slit your wrists
You can hold your breath
I don't mind
If you slit your beatless wrists
If you hold your bestilled breath
I don't mind
How you're killing your time

I loved you alive i'll love you dead
Go ahead
I can't promise I'll cry
But I'll always try
Since im not around
How will you kill time
There's no me no subtlety
There's no tears left
Im so over reflection
Biting my liip biding my time

You can slit your wrists
You can hold your breath
I don't mind
If you slit your beatless wrists
If you hold your bestilled breath
I don't mind
How you're killing your time
