I feel so unsure  
Trembling you open your door  
Your eyes glistening  
Silly me I'm already missing you

And this is all I have (All I have)  
All I have to give  
All I have to give  
This one last kiss  
I know it's not enough  
Though our love will never end (no)  
One more touch  
Is all I have  
All I have

You said that we'd forever be in love  
And you showed me life like I never knew  
Things I never even dreamed of  
But your smile just don't seem the same  
And when you tell me you feel it too  
I'm not sure who's to blame  
Cause I gave everything

And this is all I have (All I have)  
All I have to give (To give)  
All I have to give (To give you)  
This one last kiss (This one last kiss)  
I know it's not enough (oh, oh)  
Though our love will never end (yeah, hey)  
One more touch (whoa)  
Is all I have  
All I have

I can't believe  
I can't believe (I can't believe)  
This love is leaving me  
Love is leaving me (no, no, no)  
And I can't believe (I can't believe)

What we've come to be (what we've come to be baby)  
What we've come to be (whoa)

And I wish I could make it like it used to be  
Can't believe I'm through loving you  
And Your through loving me, you  
And in the middle of my final tears  
You call out my name, my name  
You cried out my name  
But it could never be the same  
Cause this is all I have

And this is all I have (oh)  
All I have to give  
All I have to give  
This one last kiss (Your smile don't seem the same)  
I know it's not enough (oh)  
Though our love will never end (yeah, yeah, yeah)  
One more touch (hey)  
Is all I have  
All I have (Why you lookin at me)

And this is all I have (Why you lookin at me)  
All I have to give (I don't know)  
All I have to give (I don't know who's to blame)  
This one last kiss (In this situation baby)  
I know it's not enough (oh)  
Though our love will never end (oh no)  
One more touch (no no)  
Is all I have  
All I have
