You're so sexy
Heaven help me please
I need to get my mind right
And it's so hard because
You're so incredible
Those lips of yours so luscious
I just wanna bite
And I could do that all night

(Sexy gloss, Matte or Frost)
Don't matter cause it's coming off
You're so sexy, I can't help myself
(Ruby Red, Pink Champagne)
Don't matter cause it ends the same
Never lasting when I get to you

Crazy crazy wonderful
Can you really feel it?
Uh oh oh
I wanna be your cherry kiss
You can put your lips like this
Crazy crazy wonderful
Can you really feel it?
Uh oh oh
I wanna kiss you all the time
That's how I go through lipstick

Cocoa lover
I can't get used to how you make me feel
I just wanna get where you are ??
Unequivocal the way they move
So wet and smooth
I keep coming back
I can't get enough no

(Sexy gloss, Matte or Frost)

Don't matter cause it's coming off
You're so sexy, I can't help myself
(Ruby Red, Pink Champagne)
My lipstick always ends the same
Never lasting when I get to you

Crazy crazy wonderful
Can you really feel it?
Uh oh oh
I wanna be your cherry kiss
You can put your lips like this
Crazy crazy wonderful
Can you really feel it?
Uh oh oh
I wanna kiss you all the time
That's how I go through lipstick

Cause you got me so
So, so, so, so, so crazy
Ooh and you just so
So, so, so, so, so wonderful
It's so crazy wonderful

Crazy crazy wonderful
Can you really feel it?
Uh oh oh
I wanna be your cherry kiss
You can put your lips like this
Crazy crazy wonderful
Can you really feel it?
Uh oh oh
I wanna kiss you all the time
That's how I go through lipstick
[Repeat x2]

So, so, so, so crazy
