I'm a focus man  
Oh yeah  
Oh yeah

One day you're gonna break my heart  
That's what they told me from the start  
But no, no, they don't understand  
No matter what they say  
You're something I can't just explain  
I feel it when you say my name  
I took it, not to badge the past  
Just what you do for me

But now, I know I need to check myself  
Cause if I don't I know I am  
You're thinking that I'm going crazy  
But I, you're doing what you do so well  
And baby there's no body else  
Maybe you know you want me instead.

Every time I close my eyes  
Every time I close my eyes  
All I see is you  
All I see is you, yeah yeah  
Every time I hear your name,  
Every time that my phone ring  
I'm missing you  
I'm missing you.

Listen  
If this is wrong it can't be right  
There's no way I want to fight  
I love how you shut it down  
yeah, I like it  
I swear that this was meant to be,  
And I don't care what people think  
I'd pay f you lie to me, I'll never know  
A way

But I, I know I have to check myself  
Cause if I don't I know I am

You're thinking that I'm going crazy  
But I, you're doing what you do so well  
And baby there's no body else  
Maybe you know you want me instead.

Every time I close my eyes  
Every time I close my eyes  
All I see is you  
All I see is you, yeah yeah  
Every time I hear your name,  
Every time that my phone ring  
I'm missing you  
I'm missing you.

Oh yeah Oh yeah  
I love what you do to me  
Oh yeah Oh yeah  
And if I'm blind then I don't want to see, Oh

Every time I close my eyes  
Every time I close my eyes  
All I see is you  
All I see is you  
Every time I hear your name,  
Every time that my phone ring  
I'm missing you  
I'm missing you.

Every time I close my eyes  
Every time I close my eyes  
All I see is you  
All I see is you, yeah  
Every time I hear your name,  
Every time that my phone ring  
I'm missing you  
I'm missing you.  
Yeah-ah Oh yeah
