(Chorus)

When it's over and you know it  
There's no use of fakin' nothin'  
I can't put together  
What's already been broken  
(You gotta get gone)  
(Get gone)  
Get gone!  
(Get gone)  
Get gone!  
You gotta get gone! Oh!

Just admit you feelin' bitter  
Let me go and you'll feel better  
I can't put together  
What is gone forever  
(You gotta get gone)  
(Get gone)  
Get gone!  
(Get gone)  
Get gone!  
You gotta get gone! Oh!

When it was just you and me  
You were scared I would leave  
Didn't understand my loyalty to you indeed  
You tried to put a spell on me  
With your words of trickery  
Without you I'd be nothing less  
But you tried to make me believe  
Your kisses and hugs were fo'sho  
'Cuz under your heavy arm babe I couldn't grow

Your loving was deceiving  
Foolish I believed it  
Seeing is believing  
That's why now I'm leaving

(Chorus)

So you forgot all the past  
What we made what we had

Didn't matter that we felt something that's suppose to  
last  
When you started stepping out on me  
I did my best to hold my peace  
I thought at least you'd put me first  
Never thought it could get worse  
Chasing the chance but no more  
'Cuz now it's gotten to the point where I let go

Your loving was deceiving  
Foolish I believed it (foolish I believed it)  
Seeing is believing  
That's why now I'm leaving (that's why I'm leaving you)

(Chorus)

When it's over and you know it  
There's no use of fakin' nothin'  
Just admit you're feelin' bitter  
Let me go and you'll feel better
