Trying to be
To be so strong
I look into your eyes
And say hello
So hopelessly
I wait for your reply
When suddenly you grab me close
And press your lips to mine
You read my mind

Every memory
Every embrace
Every time my lips touch your face
It's nothing like loving you
It's nothing like loving you
It's nothing like loving you
Every single touch
Every on my mind
Cross my heart
Don't know why
It's nothing like loving you
It's nothing like loving you
Loving you

And hopin I'll be
That I'll be strong
I looked into your eyes
And say goodbye
And as I step away
The pains too much
And I turn my face to see your open arms
And I run to you, to you

Every memory (oh)
Every embrace (oh yeah)
Every time my lips touch your face (yeah)
It's nothing like loving you
It's nothing like loving you (oh no no)
It's nothing like loving you
Every single touch
Every on my mind (My mind)
Cross my heart

Don't know why
It's nothing like loving you (Like loving you)
It's nothing like loving you
Loving you (oh, whew)

Oh la da da
La da da da da
La da da da da da da da
oh la oh
whoa whoa whoa
whoa whoa

Every memory (Every memory)
Every embrace

Every time my lips touch your face (yeah)
It's nothing like loving you (Nothing like lovin)
It's nothing like loving you
It's nothing like loving you (Aye, aye)
Every single touch
Every on my mind
Cross my heart
Don't know why (Don't know why)
It's nothing like loving you (Hopefully I'll wait)
It's nothing like loving you
Loving you

Every memory (I promise you)
Every embrace (There's nothing like lovin you)
Every time my lips touch your face
It's nothing like loving you
It's nothing like loving you
It's nothing like loving you
Every single touch (There's nothing like lovin you)
Every on my mind
Cross my heart
Don't know why
It's nothing like loving you (Yeah yeah)
It's nothing like loving you (Like lovin you)
Loving you

Every memory (The way I feel)
Every embrace (The way that I feel)
Every time my lips touch your face (The way that I feel
about you)
It's nothing like loving you (The way I feel)
It's nothing like loving you (The way that I feel)
It's nothing like loving you (The way that I feel about
you)
Every single touch
Every on my mind

Cross my heart
Don't know why
It's nothing like loving you
It's nothing like loving you
Loving you
