Can't breathe, can't think
There doin' them
My friends on the streets stopped so abrupt
"What's wrong?"
They demand
"Tell us what's up?"
No need, one look and they all shut up
See it's written all over, anyone could see
No matter how my daily attitude seems
And I'm tired of missin' of what I been replaced
So I'm tired of the world knowin' your mistakes
And the tears keep rolling down my face

Rolling down my face
Falling down my face
Tears keep rolling down my face
Falling down my face
(Ooh oh)
Tears keep rolling down my face
Falling down my face

They keep
Rolling, rolling, rolling, rolling
They keep
Rolling, rolling, rolling, rolling
(Ay)
They keep
Rolling, rolling, rolling, rolling
Rolling away

Please take this phone
I don't wanna talk
Plus my make up
Constantly runnin' off
My body's so bout to follow suit
Cause I ponder every memory of you
And every attempt to just to let it go
Just keeps a knot
Caught in my throat
But its one thing I figured out
The last thing that I want is you around
But the tears keep rolling down

Rolling down my face
Falling down my face
(Yeah, yeah)
Tears keep rolling down my face
Falling down my face
(Aww baby)
Tears keep rolling down my face
Rolling down my face
(Aww baby)

They keep
Rolling, rolling, rolling, rolling
(No mater what)
They keep
Rolling, rolling, rolling, rolling
(No mater what)

They keep
Rolling, rolling, rolling, rolling
(No!)
They keep
Rolling, rolling, rolling, rolling
(Ay!)
They keep
Rolling, rolling, rolling, rolling
(Yeah hey)
Rolling away

Hey oohh
See it's better to love and lost
Than to never love before
But I don't wanna hear no more
A thousand times I close my eyes
Wishing I could turn back
The hands of time
I tried to tell myself
I never love another
I lied
(I lied, lied, lied)

(But the tears keep rolling down)
Rolling down my face
Falling down my face
(Hey!)
(Yeah-eh! Yeah, hey now!)
Tears keep rolling down my face
Falling down my face
(Oh! They keep rolling!)
Tears keep rolling down my face
(Aww baby!)

Falling down my face
(Aww baby)

They keep
Rolling, rolling, rolling, rolling
(Oh!)
They keep
Rolling, rolling, rolling, rolling
(Oh!)
They keep
Rolling, rolling, rolling, rolling
Rolling away
(I don't know what to do)

(They keep askin' me)
(I don't know what to do)
They keep
Rolling, rolling, rolling, rolling
(I don't know what to do)
They keep
Rolling, rolling, rolling, rolling
(Don't know what to do)
They keep
Rolling, rolling, rolling, rolling
(They keep askin' me)
Rolling away
(Oh no!)

They keep
Rolling, rolling, rolling, rolling
They keep
Rolling, rolling, rolling, rolling
They keep
Rolling, rolling, rolling, rolling
Rolling away
