He Won't leave the streets alone

So Ima leave him alone

He wont leave the streets alone

So Ima leave him

Verse1

Wait up all night Hope your all right

I want you here beside me, Cause I dont wanna be alone

You think the money show you love me

Baby thats absurd, I just want you at home

Before I leave I gotta grab some things

Hold up think I herd ya cell phone ring

I didn't even know you were still in the house

I dont want nobody runnin in my spot

Them boys will more than our love on lock

I dont need the drama and I know what Im gon' do

Chorus:

So Imma leave him alone

He Won't leave the streets alone

So Ima leave him alone

He wont leave the streets alone

So Ima leave him

Verse2

Thinkin' back to when I met you, You would give me the world

But now you love the game more than you love me

And dont try to say that its just temporary

Cant you see that I love you, dont want to see you six feet beneath

Before I hit the door you walked in

Saw my bags asked where I was goin

I have to leave even though I still love you

You got down on one knee and took my hand

Held up a ring and said that your a changed man

Things gon' be different but I dont beleive you

Chorus:

So Imma leave him alone

He Won't leave the streets alone

So Ima leave him alone

He wont leave the streets alone

So Ima leave him

Bridge:

All those nights that you had to leave  
I only wanted you next to me  
You told me not to worry  
You'd be back home soon  
Now I gotta make the choice to stay  
Or turn my back and walk away  
I wanna take you with me but you cant leave these  
streets alone

Chorus:

He Won't leave the streets alone  
So Ima leave him alone  
He wont leave the streets alone  
So Ima leave him
