Why are you the one?  
I can't lose  
What's the reason that I'm here again it's crazy?  
I keep waiting, but I'm foolish cause you'll never  
change.  
Wasted all my time and here I am still crying over you,  
over you

Hey, loving you is so hard,  
I keep trying baby,  
I just end up with scars  
And I keep fighting baby

Loving you is like a battle that I can't afford to lose, I  
can't lose,  
So I'm asking you  
Why are you the only thing that I care about?  
Why are you the only thing that I care about?  
Why are you the only thing I think about?  
Why are you the only one?

But baby you're no good for me,  
No, you can't be, you can't be, you can't be the only one  
No, you can't be, you can't be, you can't be the only one

I know I hate it, hate it that I can't forget you  
I try my best but, I'm a mess cause I can't shake you.  
Wanna call you but my pride won't let it get the best of  
me, the best of me

Loving you is so hard,  
But I keep trying baby,  
I just end up with scars

Cause I keep fighting baby

Loving you is like a battle that I can't afford to lose, I  
can't lose,  
So I'm asking you  
Why are you the only thing that I care about?  
Why are you the only thing that I care about?  
Why are you the only thing I think about?

Why are you the only one?

But baby you're no good for me,  
No, you can't be, you can't be, you can't be the only one  
You can't be, you can't be, you can't be the only one  
Ohh I can't believe I'm still crying  
And ohh it ain't because I ain't been trying  
I'm losing sleep cause I can't help but think about the  
past  
And how we didn't last, how we didn't last

(repeat x 2)

Why are you the only thing that I care about?  
Why are you the only thing that I care about?  
Why are you the only thing I think about?  
Why are you the only one?

But baby you're no good for me,  
No, you can't be, you can't be, you can't be the only one  
You can't be, you can't be, you can't be the only one
