You are so
incredible
everytime
i look at you
i fall in love
your my best freind
your more than that
your everything

please dont change your mind this time
i know how you are, an maybe its strange
but i love who you are, dont ever change

i love evrything you do
stay, you know
that i cant do this without you
and i love
the way you look at me
and every word you say
ilove evrything about you

your not alone,
no not any more
your everything
ive been wating for
and now your here
so lets have some fun
ill show you off
to evryone

i feel it in your fingertips, your touch
every word that leaves your lips, its love
its love, itss looooooooooovvvvve

i love evrything you do
stay, you know
that i cant do this without you
and i love
the way you look at me
and every word you say
ilove evrything about you

your eyes shine, like the moon
light up the room, you amaze me
your every song i sing,
your everything, ive been waiting for you
