I'll meet you in the red room  
Close the door and dim the lights  
I will be yours truly  
If indeed the price is right

So throw your sword, be my king  
Let your passions rise and sing  
Just show me the diamonds  
And I'll let you wear my ring

So just lay down beside me  
Let us consummate  
I know you're bursting  
Let me help you deflate

If you want to plug in  
For a high-voltage connection  
Show me cold hard cash  
And I will turn in my affection

I'll let you help out  
I'll let you, just a little

So don't hesitate  
I won't kiss and tell  
No need to worry  
'Cause I'm, I'm a professional

The show can start as soon as  
I see money on the table  
Have an empty space to fill  
I'm willing if you're able

I'll let you help out  
I'll let you, just a little

I'll meet you in the red room  
Close the door and dim the lights  
I will be yours truly  
If indeed the price is right

So throw your sword, be my king

Let your passions rise and sing  
Just show me the diamonds  
And I'll let you wear my ring

I'll let you wear my ring  
I'll let you wear my ring  
I'll let you wear my ring  
I'll let you wear my ring

Meet you in the red room  
Meet you in the red room  
Meet you in the red room  
Meet you in the red room

Meet you in the red room  
Meet you in the red room  
Meet you in the red room  
Meet you in the red room
