I'm sick of the rumors
I'm sick of the lies
I'm sick of you hiding
Behind your unrelenting disguise

You always bruit about me
Myself you distort
Your whisper campaign must end
I'm getting closer to my last resort

(Chorus:)
I hide from your pretentious face
You're so insincere with your unforgiving grace
Oh how they adore
You do they even know you?
Everything you're hiding and
All the things that you do (to me)

I'm sick of being questioned
I'm sick of running away
I'm sick of your stupidity
I get it everyday

It's you you're hurting
You never think it through
You try to be bigger
It's my life you pursue

(Chorus)

Go away I can't handle this anymore
My heart is torn yet you still want so much more
What do you want? What did I do?
You just can't take that I'm so much better than you
(Repeat)

(Chorus)
