You cannot hide, it's in front of my eyes, illusions made me blind

You just said goodbye, need no alibi, walked right out of my life

You were beautiful, wonderful, girl I was mesmerised

Lead me on, gave me hop, hope

You causing this pain, give me a heart attack, changed my reality

Can we just back just like that, is that a possibility?

I'd rather say no no no no, cause you wanna go go go

Girl I'm hoping no no no no, but you wanna go, that's my reality

Reality oh hoo

Reality oh hoo

Reality oh hoo

Reality, reality

Make me believe that you were right for me, I was still living the dream

Blind to your games, lied to my face, cut my hopes with a blade

When you changed my world, unpredictable, exploded like a grenade

Tell me why did I fall for a lie, couldn't you just stay the same?

You causing this pain, give me a heart attack, changed my reality

Can we just back just like that, is that a possibility?

I'd rather say no no no no, cause you wanna go go go

Girl I'm hoping no no no no, but you wanna go, that's my reality

Reality oh hoo

Reality oh hoo

Reality oh hoo

Reality, reality

Why'd you have to change, change, my reality?

Ohhhhh

You causing this pain, give me a heart attack, changed my reality

Can we just back just like that, is that a possibility?

I'd rather say no no no no, cause you wanna go go go

Girl I'm hoping no no no no, but you wanna go, that's my reality

Reality oh hoo
Reality oh hoo
Reality oh hoo
Reality, reality
Ooh
