Here in your coma
Here in your sleep
You have lost yourself somehow
You can not hear me
Although I scream
I can't stand to see you cry
Tonight

You dream under lonely eyelids
Find what you're looking for
You sleep in underwater silence
Alone

Here in your empty
There's no breeze
Claustrophobic in your skin
Refuse reflections
When they're from me
So in my eyes they will end
Tonight

You dream under lonely eyelids
Find what you're looking for
You sleep in underwater silence
Holding me down

Yes tonight
You are emotionless
Hold on and on

You dream under lonely eyelids
Find what you're looking for
You sleep in underwater silence
Holding me down
Keep me alive in you
Just keep me alive in you
Just keep me alive
