A riggi digg digg digga

Well hello Mr Froggy
Now what you gonna do today
"I think I'll go and see my mother."
Thats what he says
Well he's hopping along, along down the road
Without a single car in the world
Till around that corner comes a killer
You better watch out little toad

Just get on up!
Just get on up!

Well poor old Mr Froggy
Now he was in a bad way
He could not get to see his mother

And it was her birthday
Till a kind old lady wandered along
Singing a funky frog song
And scraped him up, up off the road
Aren't you lucky little toad!

Just get on up (get on up get on up get on up)
Just get on up!

rigg digg digg just get on up up up!
(get on up get on up get on up get on up)

Ribbit!
