I tremble at your presence, shaken by the truth, that u r  
God

No deed can bring u pleasure, no word can add a  
measure, to who u r

I lift my heart in worship taken by the truth you are God

Silenced by the virtue surrendered and in aww of who u  
r

(Chorus) Bless the lord let all thats in me bless the lord

May kingdoms fall and rulers crawl before your throne

I tremble at your presence shaken by the truth that u r  
God

No deed can bring u sleasure no word can add a  
measure to who u r

(Chorus x2)

I want to give all of me, giving you all of me, i want to  
give all of me,

giving you all of me

(Chorus x4)

Im gonna bless you lord with all thats in me, bless you  
lord, may

kingdoms fall

and rulers crawl before your throne (x3)
