Oh what a beautiful evening
Oh what a beautiful night
I've got the strangest feeling
I'm gonna it tonight
? ? ?

Maybe I can be that man
Finally get to understand
Maybe I can be that man
The person that I wanna be
Has always been inside of me
Maybe you just never see

Chorus:
Out of many
I am the one (x3)
The one you know, you know

Oh what a beautiful evening
Oh what a beautiful night
I've got the sweetest feeling
You're gonna kiss me tonight
? ? ?

I know now what I've gotta be
The past is here in front of me
The future's something you can't see
The only thing that's really true
Has always been inside of me
Maybe you just never see

Chorus

/..... we are one
Let's get together and sing this song/

? ? ?

Chorus
