What's
And
How can we learn with all
With all that we lack
With
Did you pass the blame?
Did you
Where did we
Where did we let them take our lives

Chorus:
They're taking my life
They're taking my time (x3)
What have you got left but your conscious?

And what was good before
..... take this away
..... education is the order of the day
Sentiments for a reason
Reason for this day
Live your life with a purpose
..... we went to strike
I know, went to strike
Chorus

It's time to confess
It's time to take a rest
No need to jump in my chest. oh no
It's time to confess
It's time to take a rest
No need to jump in my chest. oh no

It's time to step in babylon
..... to babylon
It's time to step in babylon
..... to babylon
Really and truly
Sentiments for a reason
Charge me for treason
So, they're taking my life
They're taking my time
