"Test The Theory"

Visit "[Test The Theory](#)" on MotoLyrics.com

Let's test the theory one more time

Comin' to a town near you
Experimental sounds you
Suckin' in the atmosphere
Can you feel the
Pointing out the chosen few

A thousand ways that I have tried
A million ways to stay alive

Chorus:
Let's test the theory one more time
Time to blow your ... mind
Test the theory one more time
Rewind
Let's test the one more time
'cos I'm to blow your mind
Test the one more time
Rewind

Everything you know is a lie
The temperature it burns inside
A caution with a muscle pill
Scientists of what you feel
Will you still believe your mind

A thousand lies that I've been sold
A million lies that I've been told

Chorus

? ? ?
