Baby, why do you always seem to ignore me?
I don't think that's the way that it should be
Honey, why do you ignore me?
Sugar, you know I really do adore you
And you should know this is the sordid truth
Honey, I do adore you
Yeah

Come on in [x3]
Hey, hey

Sweetheart, I think we really need to be alone
It's not enough, just talking on the phone
Baby, we need to be alone
Yeah

Come on in [x3]
Hey, hey

And when I look into your eyes
I see that there is no surprise
When I say we should be together
You and me
And when I look into your eyes
I see that there is no surprise
When I say we should be together
You and me

Darling, you finally said you like the way I look
Well, did it have to take the time it took?
Honey, do you like the way I look?
Sugar, since we are so fond of each other
How would you like to be my lover?
Honey, would you be my lover
Yeah

Come on in [x3]
Hey, hey

And when I look into your eyes
I see that there is no surprise
When I say we should be together

You and me
And when I look into your eyes
I see that there is no surprise
When I say we should be together
You and me
