Hold me tight
I'm trying to separate myself [x2]
Hold me tight
I'm trying to educate myself [x2]

What if I ever lost you?
Would I dare?
What if you ever lost me?
Would you care?
Care [x3]

Hold me tight
I'm trying not to lose myself [x2]
Hold me tight
And show me how to prove myself [x2]

What if I ever lost you?
Would I dare?
What if you ever lost me?
Would you care?
Care [x7]

Nobody told me what to do
Nobody told me what to say
Nobody said it'd be this way
No way
Nobody told me what to do
Nobody told me what to say
Nobody said it'd be this way
No way, no way that you
Care...
