Astonishment when I bend over you creep
Put a noose around my neck
Which side I decide it's my time to reap
It's your side wicked and deaf

Take me to the place I can sleep
Wipe away all misery
Turn my path away
From the mind tearing tragedy
Consuming range of vision
I can see they decline
It's a state of execution
I fly free tonight

(chorus:)
New moon laughs on it's own
Without compassion
I crawl through the realms unknown
And kneel to the
:goddess of the sad man:(4 times)

Inhale all mists from the shadows
And hide before the dawn
Face your mortal horror
You won't be reborn

Is he a proud man or just a fraud
Fooling himself with losers talk
Punished to eternal vanity
It's thy destiny to cry for purity
You infidel slime
I grace insanity

Satisfy my agony
I know what my goddess needs
I bet there's something wrong
Inside my psycho creep
Fire burns within her eyes
Take me to the deadly ride
I remember how she was
When she choked on her own pride

(chorus)
