

## Amoric "Why"

Visit "[Why](#)" on [MotoLyrics.com](https://MotoLyrics.com)

I walked the streets I saw you there  
I said "Hi", why did you think I wouldn't dare  
How did it get much too loud?  
And how come I lost your face in the crowd?

Why try?  
Why cry?  
Why, why is it hard to comprehend  
I wasn't meant to hold your hand?

Both you and I need some rest  
But why good bye, why do you think that's the best?

Why try?  
Why cry?  
Why, why is it hard to comprehend  
I wasn't meant to hold your hand?

Don't tell me you needed space  
I gave you my nights and days  
Now bitterness only stays

Why try?  
Why cry?  
Why, why is it hard to comprehend  
I wasn't meant to hold your hand?
