"Beauty In Darkness"

Beyond the Sky, far away from the Sun
I am with her, my Beauty in Darkness
Through Love and Pain
Through Life and Death
I am with her, eternal(ly)

Suffering - the only Solution, for I am dead in my
Dreams
(â€¡)

I'll be with her, where cold Winds blow
And Frost embraces the Earth, forever
I'll be with her, my Beauty in Darkness
When Darkness embraces the Earth

Suicide - the only Solution, for I am dead in my Dreams

I can't bear the Silence that is around me
When I'm alone
I can't bear the Silence that is around me
I cannot breath

The Light of Christ took her away
I screamed through the Night as she died
Her body fades away, as I stay immortal
(â€¡)

Suicide - the only Solution, for I am dead in my Dreams
