I will strike down with great vengeance and furious  
anger.

Those who attempt to poison and destroy my brothers.

And you walk free blood on your hands.

The night hides you now but a red sun will rise

I know I'd find you. cower and pray.

Here is the bargain: my soul for your head

And there's no turning back

Don't turn away,

You know there's no escape.

Now I'm taking my time with you oh so carefully.

Justice fails us all

Your sentence is now

What you've done couldn't go without punishment.

The sun beating down.

This will be easier now

Strike down with no regret.

Tears mixed with beading sweat

My footsteps seem distant but sure that there is no  
returning.

I knew I'd find you. cower and pray.

Here is the bargain: my soul for your head

Don't turn away,

You know there's no escape.

Now I'm taking my time with you oh so carefully.

Justice fails us all

Your sentence is now

What you've done couldn't go without punishment.

And your day has come

You deserve everything you get

The innocent they call when no one's listening.

The innocent they call me

Don't turn away,

You know there's no escape.

Now I'm taking my time with you oh so carefully.  
Justice fails us all  
Your sentence is now  
What you've done couldn't go without punishment.

Don't you run away from me  
Take our time

You poison our existence and my hands are the cure.  
I'm seeking retribution, this violence I deal is called for.
