[Talking]

I gotta be honest with y'all, you know I kinda hesitated on this one, you know Don't nobody like pointing out they own flaws and shit But you know, I do feel the message you know So I'ma try to see, if I can sacrifice a lil' ego Speak the truth you know, ha-ha

[Yung Ro]

Forgave me once forgave me twice, and I fucked up Forgave me again, and I still fucked up And now I see, we both fucked up Me for being me, and you for loving a fuck up But ay what's up, cause girl ain't no love lost If anything gained, you hearing that from my mouth And yeah I feel bad, about the scars I left ya You walk around with a chip on your shoulder, keep ya head up

Cause there's love after love, cool we didn't work out But I wasn't ready, then I still got thangs I'm trying to work out

I know ya miss Yung Ro, I bet you think I forgot ya Saw ya picture yesterday, and she'd a solid tear about ya

My girl to be, you meant the world to me Now here I am confessing, I want the world to see An example, who knows might help someone else I lost love but worst of all, I made a fool of myself that's game

[Talking]

Somewhere, whole world you know Every ghetto, every city, every country you know Well fuck it you know, we taking this shit worldwide Just look at this as my stone, break it down for 'em What else (an image of a man) a man (Who let love slip through his hands), hold on to it
