So tough, are you ready for the fight.
You say that you got the power.
All your dreams got you blinded by the light.
This is your finest hour.
The fire inside you is dyin' to burn.
The soul of a fighter is what you must learn.
You got to learn.

A strong arm needs a stronger heart.
Much more than a will to survive.
A strong arm needs a stronger heart.
When the blood rips through the soul.
It keeps the dream alive.

No desperate cry, no second chance.
Eye to eye, it's you or your vengeance.
Sparks fly, it's a deadly embrace.
You're gonna pay the price.

When the spirit is willing, the flesh will respond.
When it's honor you're winning, the fight can't be
Wrong.
You can't be wrong.

A strong arm needs a stronger heart.
Much more than a will to survive.
A strong arm needs a stronger heart.
When the blood rips through the soul.
It keeps the dream alive.

When the spirit is willing, the flesh will respond.
When it's honor you're winning, the fight can't be
Wrong.
You can't be wrong.

A strong arm needs a stronger heart.
Much more than a will to survive.
A strong arm needs a stronger heart.
When the blood rips through the soul.
It keeps the dream alive.
