Right about now
See dirty
So I'm callin everybody on the phone that she knows
Cause she ain't home so I'm worried
Hoping that nothing is wrong
Where my car keys
I'm on the road doing 80 in a 55 zone
Tryna find my baby
Thinking, how did she get lost?
Oh, I dunno where'd she go if anybody got any answers
could you let me know
Some strange is going on call 911 please could you tell
them that my babys gone
I'm lost without (her)
I'm lost without (her)
I'm lost without no1s seen her after the club
I'm lost without (her)
I'm lost without (her)
I'm lost without no1s seen her after the club
Hey!
After the club after the club
I'm lost without no1s seen her after the club

Somebody help me she's 5 6' thick lips
And we twitch wen she walks with her hips
And she drives all
The boys crazy
Tell me have you seen her?
That's why I've gotta find
So I'm gunna find my baby love
Trust me I ain't giving up
Telling you no matter what, what oh
She's for me and I'm for her
And oh, I dunno wer'd she go
If anybodys got any answers could you let me know
