I look to the sky  
The sun has faded away  
The moonlight shines down on me  
The gods play their symphonies  
I feel so lost I fall on my knees  
I think about times that used to be

When we danced just you and me  
I can't find the right words to say  
I don't know how to say goodbye  
Here...here I am...life is bright...  
...There's no sorrow...nothing can stop us...  
...Showed us hope...Angel of my forest...  
...Saw my perfect...in my own soul.. death is  
unfair...that's real pain...  
...Remoun you...I'm almost dead...  
...I've...I've lost my hope...  
...My...my will to live...  
...My last farewell...forever...all alone...

In my eyes you see no pride  
In my eyes you see no light  
In my eyes you see a tear  
In my eyes you see my fear  
In my eyes you see my love  
In my eyes you see no plight  
In my eyes you see my hate  
In my eyes you see my fate

Forever all alone
