Humor me for a minute
Lets not make this take any longer than it has to
And there's one thing that I need to tell you
I'll stand up just to take a fall
Because I've lost my chance to explain it all

Forgive me now, is all that I asked
It was somewhere between the last shot and the floor
I'm cold and shaking, there's nothing I can do
I'm tired of dreaming, I'm leaving said your note on the
door

It didn't seem to matter when you left the other night
You never let me know that this time you weren't
coming back
Too late to remember what was going through my mind
I'm sorry I'm always wrong

I'll stand up just to take a fall
It's 3am and you're waiting for my call
I've lost my chance to explain it all
Because I'm singing with my friends to our favorite
song

Forgive me now, is all that I asked
It was somewhere between the last shot and the floor
I'm cold and shaking, there's nothing I can do
I'm tired of dreaming, I'm leaving said your note on the
door

One more weekend is all that I'll need
I'm tired of dreaming. Please make this reality
One more weekend is all that I'll need
To keep you from leaving without me

Forgive me now, is all that I asked
It was somewhere between the last shot and the floor
I'm cold and shaking, there's nothing I can do
I'm tired of dreaming, I'm leaving said your note on the
door
