You always told me I should be more spontaneous, well
how about we pick up and move,
I know it's kinda sudden, I don't care were we go, just
as long as I'm with you,
We might be on the edge of something great, well are
we gonna make this happen, or just sit around and
wait,
Are we doing this, well are we gonna jump in,
Are we doing this, well then it's time to begin,
It's moments like these, that you don't wanna miss, are
you with me, it's time to confess,
Are we doing this,
Well come along with me and take my hand, on the
cliffs high above the lake, yeah I know it sounds crazy,
But lets jump in as her legs started to shake,
Standing on the edge of something great, are we
gonna make this happen, or sit around and wait,
Are we doing this, well are we gonna jump in,
Are we doing this, well then it's time to begin,
It's moments like these, that you don't wanna miss, are
you with me, it's time to confess,
Are we doing this,
You can't think about these things to long,
You just have to take a chance, right or wrong,
Now here we are two young lovers in Vegas, standing
on the White Chapel steps, feeling kind of nervous,
And living on the edge, like a game of real life roulette,
From where I'm standing it feels like fate, are we
gonna make this happen, or sit around and wait,
Are we doing this, well are we gonna jump in,
Are we doing this, well then it's time to begin,
It's moments like these, that you don't wanna miss, are
you with me, it's time to confess,
Are we doing this,
Are we doing this.
