We must battle on, Through barren lands and waste
While there is still light of day

Allegiance to the cursed and tortured ways
To plain sight we sow the seeds for apathy

Bury us in our sorrow, Erode our strength
Bury us in our sorrow, shadowed and silenced

Battle on Battle on
Through barren lands and waste
Battle on Battle on
While there's still light of day

The time has come to ignite
Enraged in a venom haze
Cleared of the cloak of shadows
Headstrong to shake our claim

Drown away our sorrow
Fuels inner strength
Drown away our sorrow
A war cry cleads us to this light

Into this fight, There's no surrender
I refuse to fall silent, I refuse
There's no surrender

Battle on Battle on
Through barren lands and waste
Battle on Battle on
While there's still light of day

Arise the war cry - like it will be your last
Arise the war cry [x2]
Like it is your last. Arise the war cry

Battle on Battle on
Through barren lands and waste
Battle on Battle on
While there's still light of day

Arise the war cry
