Girl I came into this club by mistake,
I was lost,
HA HA

Usually I don't do this, (yes)
But tonight I'm gonna make it rain on you baby, eh eh
I can't stop looking at your booty, woah
Booty springs and look like you should have ma baby,
I'm just playin, but I'm sayin,
I think your driving me insane, oh
You don't know my name but your still holding my
hand, oh
Looking at me like you want it, it's part of your plan, oh
Treat me like your man, so you can get what's in my
hand oh

So you can put yourself through college,
You can stack them dollars,
You can make that money, woah
Want to make that money,
Lawyer or a Doctor,
You can do hell,
But tonight shawty,
I don't care,
You can be anything in this world,
But tonight,
You're gonna be my dancer,
You can be anything in this world,
But tonight,
You're gonna be my dancer,
Start it start it start it up and break it down down down,
Start it start it start it up and break it down down down,
Start it start it start it up and break it down down down,
Start it start it start it up and break it down down down,

You say you wanna be in some movie, yes
Well tonight, you can be my leading lady, eh
I love the way you move it,
Hypnotize me cause your body is so crazy, yes
The way you make it, make it roll, hey
& control, push your back, back,

Drop it on the floor,
Girl you know that it's a wrap, wrap,
Heres a couple stacks for the next track,
& the one after that, & the song after that, yeah

So you can put yourself through college,
You can stack them dollars,
You can make that money, woah
Want to make that money,
Lawyer or a Doctor,
You can do hell,
But tonight shawty,
I don't care,
You can be anything in this world,
But tonight,
You're gonna be my dancer,
You can be anything in this world,
But tonight,
You're gonna be my dancer,
Start it start it start it up and break it down down down,
Start it start it start it up and break it down down down,
Start it start it start it up and break it down down down,
Start it start it start it up and break it down down down,

Girl, are you ready, you know I love when your body
whine,
I really enjoy it when your swinging it from left to right,
Keep it going girl, don't stop until I'm outta time,
Got me want to see you dance all night,
Now when you whine, don't slow & you whine down low,
When you whine we flow,
We go ohhhhhhh woahhh,
Now when you whine, don't slow & you whine down low,
When you whine we flow,
We go ohhhhhhh woahhh,

So you can put yourself through college,
You can stack them dollars,
You can make that money, woah
Want to make that money,
Lawyer or a Doctor,
You can do hell,
But tonight shawty,
I don't care,
You can be anything in this world,
But tonight,
You're gonna be my dancer,
You can be anything in this world,
But tonight,
You're gonna be my dancer,
Start it start it start it up and break it down down down,

Start it start it start it up and break it down down down,
Start it start it start it up and break it down down down,
Start it start it start it up and break it down down down,

Oh I almost forgot,
Bring the party down!
