Black dog up and sniffed his plate a-steamin' on the
stove

Kids ain't seen you home all day, you're a gentleman
born to roam

Black dog don't believe in sin
Think of where the black dog's been
Think of where he's been today

Have you seen the black dog's teeth, sharp like a
knife?

Have you seen him tear apart a throat, to take a life?

Black dog don't believe in sin
Think of where the black dog's been
Think of where he's been today

Have you seen the black dog's eyes starin' in the fire?

It would not occur to him to question your desire

Black dog don't believe in sin
Think of where the black dog's been
Think of where he's been today

I've always had a fear of creatures cryin' in the dark

And every form of evil seems to bear an evil mark

Black dog don't believe in sin
Think of where the black dog's been
Think of where he's been today

My man lay beside me and my black dog's at my feet
He keeps me from my wanderin' life and he robs me of
my sleep

Black dog don't believe in sin
Think of where the black dog's been
Think of where he's been today

Now I don't know the black dog's name but when I call
him he will come

How'd I ever get that black dog? Lord, he's shown me
what he wants

Black dog don't believe in sin
Think of where the black dog's been
Think of where he's been today

Black dog don't believe in sin
Think of where the black dog's been
Think of where he's been

Black dog don't believe in sin
Think of where the black dog's been
Think of where he's been
