Colors like fruities in dat shirt, shorty so sharp I might

My money greena it's Mr. Buttafinga  
More notes than a singer I seen her and wanna queen  
her,  
And she pressin like a steamer so I lean in  
Tell her if u a dreamer we team up and put our teams  
in

Now she open not a lake it's a ocean

Sizzlin like sum pop rocks, Harder than a Jawbreaka  
Sour patch drop top all she want is flavor  
Chocolate factory crib and Ro be da maker  
I see em out thurr bitin but my eyes just ate her  
Might date her, elevate her, gravitate her  
Penetrate her, Have her marchin for my cause  
demonstrate her  
I just let the hook bait her if she fallin off the wall I  
replace her  
Neva chase her might navigate her straight to da paper
