I heard a knock on my door
She said come down and score
Today just might be the day
I said it'd be a cold day
In hell before I would
Tell you we would go on a date
She said there's no way (no way)
I'm ever leaving
There's no way
I'm walking out cause I'm here to stay
I'm waiting, I'm waiting
Everyday, till you come back down, come back down
again
I'm waiting, I'm waiting
Everyday, till you come back down, come back down
again
I tried to tell you once (once)
I tried to tell you twice
I tried to tell you but you would not take your friend's
advice
You call me everyday
Wish you would stay away
I changed my number the restraining orders on it's way
There's no way (no way)
I'm ever leaving
There's no way
I'm walking out cause I'm here to stay
I'm waiting, I'm waiting
Everyday, till you come back down, come back down
again
I'm waiting I'm waiting
Everyday, till you come back down, come back down
again
You're moving closer (everyday)
You makes the most of (everyday)
Your on the line, all the time
And I can't wait to say goodbye
I'm waiting, I'm waiting
Everyday, till you come back down, come back down
again
I'm waiting, I'm waiting

Everyday, till you come back down, come back down
again
I'm waiting, I'm waiting
Everyday, till you come back down, come back down
again
I'm waiting, I'm waiting (I can't wait to say goodbye)
Everyday, till you come back down, come back down
again
