I'm on a holiday  
It's gonna last a lifetime  
I packed my bags up in a minute  
And left your pictures on the wall

Count the numbers one by one  
It's getting late I wonder if she'll come  
All this time apart from you  
Has my feelings dead and my senses on the run

Every day since has felt like years  
Every memory filled with tears  
I'm sorry for what I said  
I never thought that this is how it would end

I was just a kid back then and every day I'm getting  
older  
I've been dying just to hold ya, I'd be lying if I told ya  
That I've learned from my mistakes  
Let me tell you me and my friends are far from  
flawless  
But we never break a promise

I can't believe it's come to this  
I never wanted anything you couldn't give  
But it looks like you're the one that's failed me now

Every day since has felt like years  
Every memory filled with tears  
I'm sorry for what I said  
I never thought that this is how it would end

I'm on a holiday  
It's gonna last a lifetime  
I packed my bags up in a minute  
And left your pictures on the wall

I was just a kid back then and every day I'm getting  
older  
I've been dying just to hold ya, I'd be lying if I told ya  
That I've learned from my mistakes

Let me tell you me and my friends are far from  
flawless  
But we never break a promise

Do me a favor hand me the bottle in the corner  
No need to worry you're not going anywhere  
It's been too long without a change and I've been  
wasting  
Counting the days till I can say I'm over you

I'm on a holiday  
It's gonna last a lifetime  
I packed my bags up in a minute  
And left your pictures on the wall
