[Talking:]

Try to help em understand, Pain the underground  
What happens yeah, street shit nigga  
Where my street niggaz at, you wondering why wait up

[Hook:]

Ain't no sunshine, when she's gone  
It's not warm, when she's away  
Ain't no sunshine, when she's gone  
And she's always, gone too long  
Anytime, she goes away

[Yung Ro:]

And I've been searching, for your love  
In desperate need of your warmth, say heaven I need a  
hug  
Cause on the darkside, it's cold we sinning  
So cold it's a damn shame, I think it froze my feelings  
Now I'm a numb nigga, started off as mama's boy  
The baby boy but the game shady boy, I hate it boy  
Ain't seen love, since mama rocked me to sleep  
Standing on the block and the streets, with killers  
cocking they heat  
Yeah, and they plotting to creep  
Watching your feet, move wrong and they'll rock you to  
sleep  
But ain't no lulibys, when the pistol sing to ya  
Nothing but drama and plex, what these vilians bring to  
ya  
Can't say I'm innocent, and all this bullshit  
Cause since mama left me, I been riding with a full clip  
It's kill or be killed, get real or get drilled  
Or stay the fuck out of the streets, play your part and  
sit still nigga

[Hook]

[Yung Ro:]

I wrote this second verse, to get your mind right  
Cause way before the limelight, I been doing crimes  
right

Just some background info, for those who curious  
Rose a period, nothing after me and I'm serious  
So don't make me, make you one of my victims  
Cause you can't find that motherfucker, if I say I'm gon  
get him  
Cause I'm gon get him and they gon get him, and put  
him on a stretcher  
Yes sir you can bet ya, dollar I'll catch ya  
And you won't see it coming, cause I'm a pro  
Times hard, and for the right price you gotta go so  
Be careful, when you strolling on my darkside  
Cause when you battling a best, you gotta have your  
heart right  
And it's the same for me, but peep what I keep baby  
My 3-80, shit the streets made me  
So you can judge a nigga, but you can't budge a nigga  
And it's nobody nigga, cause nobody love a nigga like  
that

[Hook]
