I'm standing on the shore and I'm watching Noah sail
away. I'm
Playing russian roulette and nr 6 is on it's way. They say
it?s
Just a nightmare but it seems genuine to me, and the
feeling
Is... - I'm not waking up. I wanna wake up. I don?t
wanna die. I'm
Lying in the guillotine and the blade is coming down. I?
m fall-
Ing from a rooftop and I'm 6 yards from the ground. I?
ve had
This feeling some time now (can you) see the panic in
my eyes?
No, I don?t thinks so... - They are closed. I wanna wake
up. I don?t

Wanna die. (We?re sailing - We?re sailing far away. Go
ahead
- Count the sheeps. Feel free - To fall asleep.) I'm
walking
Cross the highway and I'm 6 feet from a grille, but this
is
Not the time to let myself be killed. They offered me
some
Sleeping-pills, saind it would "do the trick". They tried
to
Trick me... - But I will not. This is a dream? - This is no
dream...
I'm gonna wake up. I'm not gonna die. It?s time to
wake up now!
