I see people talk'in  
Say'in lines in the parts they're play'in  
And I hear people explain'in  
All the choices that they're mak'in but  
Please I beg to differ  
Humble yourself, you'll learn much quicker

Well I don't know  
And I'm not sure  
I couldn't tell you  
I haven't been down this  
Road before  
Don't ask me  
Cuz I'm only sixteen  
I haven't seen what I'm gonna be

Well I get people ask'in me  
Where is it you wanna be  
Tell'in me sorry you'll only find  
That you're wasting your good time and  
Be careful little honey  
Cuz if you fail who's gonna bring home the money?

Well I don't know  
And I'm not sure  
I couldn't tell you I haven't been down this  
Road before  
Don't ask me  
Cuz I'm only sixteen  
And you're not where I want to be

Haven't traveled the deep blue sea  
Or picked from an apple tree  
I still live with my family  
And I sure don't have any expertise but  
I'm setting out to find  
Whatever happens to be on my mind  
Whatever it is, whatever it is,

Well I don't know! and I'm not sure!  
I couldn't tell you I haven't been down this road before!

Don't ask me cuz I'm just sixteen and you're  
Not where I want to be

Don't ask me! no, don't ask me!  
Don't ask me
